Why invite our paragliding partners?

At the occasion of the 2021 Paragliding World Championship, Air Evenement wishes to have new partnerships. Why joining us ?

-Your organisational, financial and humain support will improve the World Paragliding Championship.

-We will promote the development of paragliding together.

-Thanks to your logo display (linked with your website), you will gain visibility and publicity, on our various communication formats.

-The partners will benefit from a dedicated space on the base camp during our event.

By meeting, we will be able to discuss more about this partnership, a team will visit you in the coming days.

We look forward to seeing you alongside our current partners, whom we sincerely thank for their contribution.

Covid-19 information:

A PCR test will be asked to each pilot or staff member 72 hours before the competition, whether he is foreign or a French resident.

For non-EU pilots, the organizer will justify your entry on the French territory to participate in the World Championship as "a compelling reason".

A test campaign carried out by a partnered laboratory of the event will be set up on rest day, after 7 flights.

We will also be able to put the teams in touch with this laboratory to prepare their return.
